

Steam Cuisine & Asian tasting wow Munich crowds in April!

Automated Flavors & Asian Street Food = A Huge Hit!

At the kind invitation of **EDEKA Eren**, SmartFoodie proudly joined a two-day tasting event on **April 5 & 6, 2025** in Munich. It was a fantastic opportunity to showcase our **Hotmeal Machine** and signature Asian cuisine — and it was a smash hit!

Hotmeal Machine drew major attention

Many visitors saw our **Hotmeal Machine** for the first time — and they were amazed! People stopped by, took photos, tried meals on the spot, and said this is a **game-changer** for fast and fresh meals.

❤️ Rave reviews for our Asian dishes

From **handmade dumplings** and **rich tonkotsu udon** to **flavorful Korean fried rice**, the tasting booth drew nonstop attention. Feedback was incredible: *“Delicious!”*, *“Where can I buy these?”*, *“Please come to our neighborhood!”*

💛 A great partnership with EDEKA

A heartfelt thanks to the **EDEKA Eren team** for their support and warm hospitality.

The collaboration was smooth and inspiring — and we look forward to more shared successes ahead!

🧐 Curious customers asked, we answered!

Q: Will there be more vegetarian options in the future?

A: Absolutely! We're expanding our plant-based lineup to offer tasty and healthy meals for every lifestyle.

Q: Will you offer cuisines beyond Asian food?

A: Yes! We plan to introduce global flavors like **Spanish, **Italian**, and **Thai** cuisine — so everyone can find something they love!**
